EMERY DESIGN | BUILD

From the walk-in closet with integrated hampers and a hidden steamer to the kitchen island with dog-food pull-outs and hidden outlets, the attention to detail in this home is evident. The first-floor master suite includes a mudroom and laundry room with custom drying racks and a drop zone. In the daughter's room, there's a custom pull-out for a hairdryer, makeup, and integrated mirror.

XSTYLES BATH+MORE

Welcome to party central! Must-have requirements included entertaining space for 30-50 people; a large bar, buffet, and dancing area; and a full bath for pool guests. Central to the space are 20 feet of eye-catching Calacatta marble quartz enveloping the cabinetry in bookmatched perfection. Layered LED lighting is used to dramatic effect. Over-scaled pendants add a big dose of personality to the chic nightclub effect.
